

SHADOWS PROJECT NEWSLETTER 4

What have we recently achieved?

These were very busy months for the SHADOWS project consortium. First of all, all the partners had a chance to test the project outputs on the proper members of target groups. As results, **the total number of approximately 400 people from 8 countries had a chance to test and give feedback of the project results.**

Additionally, the final Project Meeting and a Conference for 100 people were organized in Lousada and described further in this document.

Multiplier Event in Portugal

41 people representing micro-enterprise owners, VET professionals and graduates attended the CCI Seminar in Lousada, Portugal on May 22nd 2018. The main purpose was to present the full suite of pedagogic resources and to enlist support for the new business immersion programme. Case studies in this field were also presented.

Multiplier Event in Romania

University of Pitesti organized the event in Romania on 26th of July 2018 and it was attended by 24 participants. All participants were impressed about the results of the project, but for young graduates it was a real enlightenment. Most of them expressed their amazement about the opportunity of turning a hobby into a business.
