

SHADOWS Training Plan

for

O2 In-service Training Programme for VET Staff

This plan is meant for the training of VET staffs (10 VET professionals in each partner country) in order to capacitate them to successfully deliver the O4 Shadows Entrepreneurship Curriculum to entrepreneurs. This training addresses two distinct elements:

- (1) the unique characteristics of the cultural and creative industry sector and the challenges that new start-ups face;
- (2) delivering training in blended learning environments.

At the end of this training, the participants will be able to:

- understand correctly and operate efficiently with entrepreneurship concepts and terms;
- implement the O4 Shadows Curriculum to CCI entrepreneurs.
